

Q8 T 2400 Bio SAE 80W

Description

Biodegradable universal tractor transmission fluid based on rapeseed oil.

Application

- In agricultural and off-highway/construction equipment preferring separate engine lubricants,
- as hydraulic fluid
- as transmission lubricant

Recommendations

- Rapeseed oil based lubricants have shorter drain intervals compared to mineral oils. Consult the instruction manual for drain intervals when biodegradable oils are used.
- Q8 T 2400 Bio may be used as lubricant in off-highway, construction and agricultural equipment, when one or more of the following specifications are used to describe the required lubricant quality:

Specifications

- API GL-4
- Ford 7840
- Massey-Ferguson MF 399
- Massey Ferguson MF 353
- Massey Ferguson MT 698T
- J.I. Case Maxxum 5150
- J.I. Case Magnum 7240E
- Valtra Valmet 6400

Benefits

- OECD 301 B Sturm Biodegradable to 65.00%
- Provides good transmission lubrication
- Protects equipment against rust
- Prevents equipment component corrosion
- Suitable for use as hydraulic fluid
- Gives quick response of hydraulic components
- Contains effective anti-foam agent

Properties	Method	Unit	Typical
Absolute Density, 15 °C	D 1298	kg/m ³	900
Kinematic Viscosity, 40 °C	D 445	mm ² /s	51
Kinematic Viscosity, 100 °C	D 445	mm ² /s	10.8
Viscosity Index	D 2270	-	212
Flash Point	D 93	°C	224
Pour Point	D 97	°C	-42

The figures above are not a specification. They are typical figures obtained within production tolerances.
