Approval for Your Hypold Gear Oil "Q8 T 55"

Dear Sir or Madam,

We have examined the modified formulation of the previously approved above mentioned service product. This formulation also meets the requirements of the Mercedes-Benz Specifications for Service Products, Sheet 235.0 and will also be approved for use in Mercedes-Benz vehicles and assemblies. The application range is shown on this sheet, respectively explained on sheet 234. Our other specifications, e.g. SAE-grades, capacities, change intervals, etc. have to be observed as well.

In particular, we would draw your attention to the importance of complying with Item 1, Paragraph 2 of the Conditions for Approval of Service Products which you have signed. You must be able to inform us at all times which formulation is being sold in a given country.

A 2 litre sample of each formulation and every SAE-Grade must be retained at all times, which can be called upon by Mercedes-Benz AG at any given moment. We will advise the address..

The approval of 24.07.1986 remains in force.

Yours faithfully
Mercedes-Benz AG
