extension  
30.06.2023**

Dear Mr. Dukers,

We herewith confirm that the gas engine oil **BayWa Tectrol Methaflexx GE-M, SAE 40** as rebrand use of „Q8 Mahler HA SAE 40“ with the approval number **TXPE 13/2021** is approved for using in the gas engines series 400 of Rolls-Royce Solutions Augsburg GmbH running with **biogas, landfill and sewage gas**.

The approval of gas engine oils with the viscosity class SAE 40 is limited to ambient temperatures > 10°C.

The validity of the approval is limited and will expire after this period automatically, if the manufacturer or supplier has not applied for extension. The approval will expire before the end of this period, if the approved formulation has been changed or if field results are negative.

Best regards,

Rolls-Royce Solution Augsburg GmbH
