Static diaphragm compatibility test (60 HNBR 185031)	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dynamic diaphragm compatibility test (60 HNBR 185031)	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Field test	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Oil is not released to be used in Voith Retarder
 Argument:

Oil is released to be used in Voith Retarder in present serial application and with required oil exchange intervals according to the Voith Retarder Oil selection list or OEM instructions.

VOITH Oil Class:

A B C

General Conditions:

The approval is limited to 24 months.

For re-approval the ongoing production and marketing of the product has to be re-confirmed to Voith prior to expiration.

The approval can be withdrawn by Voith at any time without stating any reason.

Any change of the product has to be indicated immediately and will terminate the approval.
